

# Perforated End Panels for Clip-Type Shelving

Borroughs perforated end panels are a quick and inexpensive way to add storage capacity at row ends and along unused wall space. Visible storage is ideal for fast moving or impulse purchase items. Perforated panel storage hooks are easily reconfigured to meet changing needs.

## *Borroughs Perforated End Panels:*

- Are manufactured from 16 gauge steel and will not warp or deteriorate like wood.
- Attach easily to Borroughs angle posts with included hardware or can be wall mounted.
- May be installed on new or existing; single or multi-level systems.
- Can be used with standard peg board accessories.
- Have no exposed fasteners for a smooth and attractive look.
- Are available in any standard industrial color with our durable powder coat finish.
