

## Standard Equipment Warranty

All new Borroughs' manufactured Aisle-Saver® Systems are warranted against defective workmanship and material for five (5) years limited, subject to preventive maintenance, from the date of shipment. This warranty applies when the equipment is being utilized on a one-shift operation in its intended purpose. Normal wear and tear excepted. Warranty is furnished to the original owner.

Borroughs' liability under this warranty shall be limited to supplying or repairing parts as necessary. To replace or repair a part is at the sole discretion of Borroughs. Equipment installed, moved or serviced by personnel not authorized by Borroughs shall be excluded from this warranty.

The warranty does not cover failure of parts due to negligence, misuse, abuse, acts of God, accidents, building structural problems, or lack of required preventive maintenance procedures. It is the responsibility of others (not Borroughs) to unload/reload the equipment if doing so is necessary to fulfill Borroughs' obligations under this warranty.

This warranty is void if any modification is made to the equipment, or if additional components or devices are added to the equipment, without the prior written approval being granted by Borroughs. This warranty is in lieu of any other warranties, express or implied. Borroughs' warranty does not extend to any incidental or consequential cost, including lost time.
